Anne Krz, who are you talking about me or Chrissie? Cause I'm not a dirtbag so that must be directed at Chrissie? She's the one that's been issuing death threats etc etc. Does Chrissie really have lawyers, they aren't in the PR, otherwise I would have contacted them directly

Dude, she's publicly threatening to murder people. I just caught up on all this craziness

Anne Krzanowski @Anneinma · 3h

There's another blog post from yesterday where she says Chrissie and I called @LAPDHQ etc and made false reports against her (not true) because we want her to kill herself. She's the one who says our bodies won't be found and we'll just disappear off twitter and no one will know!

Accomplices Are Like Permit Patty

9/6/2018

<https://www.nbcnews.com/news/us-news/white-woman-dubbed-permit-patty-calling-police-black-girl-denies-n886226>

https://www.huffingtonpost.com/entry/permit-patty-allison-ettel-911-call-audio_us_5b3a4ad7e4b09e4a8b25e694

I tweeted this Chrissie woman to help her and she turned around and starts attacking me, taking my words out of context and twisting them, altering them and then trying to abuse me with them. Then she tried to get others to abuse me as well.

Their intention was to have the police murder me with false reports.

Both is that I die, whether I kill myself or somebody else does it. It's cause they are criminals, to stifle the victims voice. I missed their withholds of crimes including doing this to others online and off.

Whether you are a survivor or not, if this happens to you, your friends, your children etc etc, document including video so you can put your police reports in and sue them in court, whether state or federal.

Don't let these bullies abuse you, don't put up with their shit, you can fight back and make bank off their hate, 3 times the damages per count, hold them responsible and accountable for their actions of hate.

1

Sera @SeriouslySera · 2h

Hang on..so now she wants the police to murder her? Fkn hell....this woman really thinks highly enough of herself to think that anyone gives a fuckin shit about her. Im out, this is too much drama and bullshit for me lol. I couldnt care less what happens to her now tbh.

2

2

Anne Krzanowski @Anneinma · 2h

No, she said that Chrissie and I called LAPD with false reports because we (Chrissie and I) want her to kill herself. We reported her because she was tweeting about killing herself and we were genuinely concerned! And in return she wants us murdered. Graphically.

me and murder is against the law, premeditating murder is also against the law.

Then I'll call law enforcement to come pick up their dead bodies and I'll use their dead bodies as evidence in my cases, more money for me or cha ching.

And for me to kill people defending myself is not against the law so when their families try to sue for wrongful death, it will be kicked out and they will be counter sued for my time and damages.

so the above scene, so this is gonna be fun to kill them, religious haters and make money off their dead bodies and their hate, 3 times per count. Oh no, their children LMAO they never put their children first, notice these women never once put their children and their children's safety first, ahead of themselves. Women that do, don't go online attacking and committing crimes on victims. They think about the repercussions it will have on their children. These women could give a fuck, it's all about them, them and them.

They are SP's with no power, just the power to scare people online, hoping by lies and manipulation, somebody offline will murder the people they are terrorizing, so it gives the illusion they have power.

Most likely what's gonna happen is, they will be hunted down by the FBI and then everybody will buy it hook line and sinker cause Danny got fired from Netflix cause of an accusation and Newswatch printed her story etc etc. A nice cover for their crimes. Now instead of Lisa's death, there will be a string of them, Act 2 of the Lisa McPherson case online war between this church and the anti scion community.

I'm sure they all figure these women will just blame this religion and Danny Matterson and then everybody will buy it hook line and sinker cause Danny got fired from Netflix cause of an accusation and Newswatch printed her story etc etc. A nice cover for their crimes. Now instead of Lisa's death, there will be a string of them, Act 2 of the Lisa McPherson case online war between this church and the anti scion community.

In the end, Chrissie and her accomplices will have pulled it in.

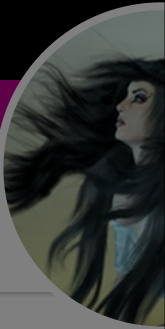

If you are a victim of these women and you didn't go to lawsuit, are very PTSDed out caused by them and uppers and downers is meds just made your PTSDs worse etc etc and they went off line to terrorize and victimize you but the police did nothing and they physically harmed you or your family or your friends etc etc don't be afraid to kill them to defend yourself, to defend your family, to defend your friends and use their dead bodies as evidence in your case against them.

You can take their families assets to pay for your damages. These women have families and their families have a duty, responsibility to intervene but instead neglected it, failed to act, so that makes them liable.

Self defense is not a crime, it's legal.

do the above scene, so this is gonna be fun to kill these religious haters and make money off their dead bodies and their hats. 3 times per course. Oh no, their children (MAAO) they never put their children first, notice these women never once put their children and their children's safety first, ahead of themselves. Women that do, don't go online attacking and committing crimes on victims. They think about the repercussions it will have on their children. These women could give a fuck, it's all about them, them and them.

This needs to go to your attorneys and authorities. You and I genuinely tried to help her the other night and in response she wants us kidnapped and murdered. She's taken her threats to a whole other level.

Oh and hey, thanks yet again for publishing threats in writing against Chrissie and her "accomplices", aka me. We tried to genuinely get help for you the other night and in return you want us kidnapped, raped and murdered. Yeah, Scientology works. 🙄

2

1

Kathy Gold

@mskathygold · 4h

I get it, Chrissie doesn't have any attorneys and this is your attempt to side step the issue. ok then. So since she keeps going on about attorneys I guess she'll be representing herself in state court. ok.

2

Anne Krzanowski

@Anneinma · 4h

Oh I'll be there. You made a direct threat against me, in writing. We have not threatened to kill or harm you in any way. We tried to get a wellness check the other night because you were tweeting about killing yourself. In return you want Chrissie and me "assassinated".

If Chrissie Or Any Of Her Accomplices Come Near Me Offline

9/7/2018

I will kill them to defend myself, their intent is to murder me and murder is against the law, premeditating murder is also against the law.

Then I'll call law enforcement to come pick up their dead bodies and I'll use their dead bodies as evidence in my cases, more money for me or cha ching.

And for me to kill people defending myself is not against the law so when their families try to sue for wrongful death, it will be kicked out and they will be counter sued for my time and damages.

Both is that I die, whether I kill myself or somebody else does it, it's cause they are criminals, to spite the victims voice. I missed their watchdog of crimes including doing this to others online and off.

Whether you are a survivor or not, if this happens to you, your friends, your children etc. etc, document including video so you can put your police reports in and sue them in court, whether state or federal.

Don't let these bullies abuse you, don't put up with their shit, you can fight back and make bank off their hate, 3 times the damages per count, hold them responsible and accountable for their actions off hate.

- Melissa Paris

@1225paris · 2h

Dude, she's publicly threatening to murder people. I just caught up on all this craziness

4

1
- Anne Krzanowski

@Anneinma · 2h

There's another blog post from yesterday where she says Chrissie and I called @LAPDHQ etc and made false reports against her (not true) because we want her to kill herself. She's the one who says our bodies won't be found and we'll just disappear off twitter and no one will know!
- Accomplices Are Like Permit Patty

I tweeted this Chrissie woman to help her and she turned around and starts attacking me, taking my words out of context and twisting them, altering them and then trying to abuse me with them. Then she tried to get others to abuse me as well.

Both is that I die, whether I kill myself or somebody else does it, it's cause they are criminals, to spite the victims voice. I missed their watchdog of crimes including doing this to others online and off.

CHRISSIE BIXLER CARNELL IS A RELIGIOUS HATER

Sandy Marks @SandyMarks20 · Sep 4

Oh Kathy you poor soul. Your life must be pretty miserable if attacking rape survivors makes you feel all warm & fuzzy

2

Kathy Gold @mskathygold · 5h

I get it, your life is pretty miserable cause you're attacking me, a survivor of 2 back to back sexual abuse incidents. It's all justified cause I'm a Scientologist & you're a religious hater. another piece of shit American cause real Americans don't do this to anybody.

1

Sandy Marks @SandyMarks20 · 5h

Kathy! Put down the crack pipe!

1

Kathy Gold @mskathygold · 5h

Sandy, you obviously have mental health issues, are you doing drugs like cocaine, do you smoke crack and this is your attempt at reaching out for help cause you have a drug problem? Sandy are you abusing drugs?

1

Sandy Marks @SandyMarks20 · 4h

Oh I have mental health issues?! That's rich. You're the one talking about killing people. Seems very low on the tone scale. Reactive mind getting the better of you?

She did to me yesterday I think it was. Chrissy told her that she has no right to talk about her on her blog and so then I said something and then she answered me but I can't find it. It does look like one of those twitters ~ they talk to themselves no one ever answers

No, she said that Chrissie and I called LAPD with false reports because we (Chrissie and I) want her to kill herself. We reported her because she was tweeting about killing herself and we were genuinely concerned! And in return she wants us murdered. Graphically.

 There's another blog post from yesterday where she says Chrissie and I called @LAPDHQ etc and made false reports against her (not true) because we want her to kill herself. She's the one who says our bodies won't be found and we'll just disappear off twitter and no one will know!

Accomplices Are Like Permit Patty

 I tweeted this Chrissie woman to help her and she turned around and starts attacking me, taking my words out of context and twisting them, altering them and then trying to abuse me with them. Then she tried to get others to abuse me as well.

Their intention was to have the police murder me with false reports.
 Both is that I die, whether I kill myself or somebody else does it. It's cause they are criminals, to stifle the victims voice. I missed their withholds of crimes including doing this to others online and off.
 Whether you are a survivor or not, if this happens to you, your friends, your children etc etc, document including video so you can put your police reports in and sue them in court, whether state or federal.
 Don't let these bullies abuse you, don't put up with their shit, you can fight back and make bank off their hate, 3 times the damages per count, hold them responsible and accountable for their actions of hate.

My favorite part of her threat from today is how she's going to "love killing us" and "make money off our dead bodies". Seriously boo, let's go to that courtroom any time. Only one leaving in handcuffs will be you.

Again, the countess Krak character, the deadly assassin, assassin's get paid to kill.

This is also not against the law but I'm sure Chrissie and her accomplices will take it out of context in an attempt to do the above scene, so this is gonna be fun to kill these religious haters and make money off their dead bodies and their hate, 3 times per count. Oh no, their children LMAO they never put their children first, notice these women never once put their children and their children's safety first, ahead of themselves. Women that do, don't go online attacking and committing crimes on victims. They think about the repercussions it will have on their children. These women could give a fuck, it's all about them, them and them.

They are SP's with no power, just the power to scare people online, being bullies and manipulation, somebody

Oh I'll be there. You made a direct threat against me, in writing. We have not threatened to kill or harm you in any way. We tried to get a wellness check the other night because you were tweeting about killing yourself. In return you want Chrissie and me "assassinated".

If Chrissie Or Any Of Her Accomplices Come Near Me Offline

9/7/2018

I will kill them to defend myself, their intent is to murder me and murder is against the law, premeditating murder is also against the law.

Then I'll call law enforcement to come pick up their dead bodies and I'll use their dead bodies as evidence in my cases, more money for me or cha ching.

And for me to kill people defending myself is not against the law so when their families try to sue for wrongful death, it will be kicked out and they will be counter sued for my time and damages.

do the above scene, so this is gonna be fun to kill these religious haters and make money off their dead bodies and their hate, 3 times per count. Oh no, their children LMAO they never put their children first, notice these women never once put their children and their children's safety first, ahead of themselves. These women could give a fuck, it's all about them, them and them.

They are SP's with no power, just the power to scare people online, hoping by lies and manipulation, somebody offline will murder the people they are terrorizing, so it gives the illusion they have power.

Most likely what's gonna happen is, they will be hunted down. I suspect, I'm not their first victim online, so I suspect, other victims they did this too prior to me, they also tweeted the FBI and they would have pulled in those criminals then.

I'm sure they all figure these women will just blame this religion and Danny Mortenson and then everybody will buy it hook line and sinker cause Danny got fired from Netflix cause of an accusation and Newsweek printed her story etc etc. A nice cover for their crimes. Now instead of Lisa's death, there will be a string of them. Act 2 of the Lisa Mopherson case online war between this church and the anti scion community.

In the end, Chrissie and her accomplices will have pulled it in.

If you are a victim of these women and you didn't go to bailiast, are very PTSDed out caused by them and uppers and downers ie meds just made your PTSDs worse etc etc and they went off line to terrorize and victimize you but the police did nothing and they physically harmed you or your family or your friends etc etc don't be afraid to kill them to defend yourself, to defend your family, to defend your friends and use their dead bodies as evidence in your case against them.

You can take their families assets to pay for your damages. These women have families and their families have a duty, responsibility to intervene but instead neglected it, failed to act, so that makes them liable.

Self defense is not a crime, it's legal.
